### **The Urquhart Fellowship.**

We are proud of Long Reef SLSC and all that has been achieved in the clubs lifetime due to the tireless efforts of current and former members. It has a fine tradition of providing many years of first class volunteer lifesaving service protecting our community combined with ongoing education of our members.

To continue these strong traditions and community service in our dynamic world, we need to maintain a stable financial base from which we can operate.

With limited council, government support and funding we need to work actively to ensure our financial security into the future. This is now more than ever our challenge.

You can make the difference?

Your commitment through a bequest to Long Reef SLSC is a lasting way of contributing to the future of our much-loved club and ensuring that the traditions, service and education of Long Reef SLSC live on.

At Long Reef SLSC each member is important to us! We are extremely proud of humble beginnings from a tram shed in 1950 to currently being one of the largest club in the Sydney Northern Beaches with over 800 members.

Our Operational priorities are to:

1. Provide professional Surf Life Saving service upon Long Reef Beach
2. Maintain highly trained, fit and effective volunteers,
3. Provide and maintain high performance & necessary rescue equipment.

Long Reef SLSC exists for the benefit of our volunteer members. The overall success and strength of our club relies upon member's commitment and overall contributions as volunteers within the local community.

The club is committed to maintaining the volunteer ethos of Surf Life Saving and the valuable, trusted and respected role that Surf Life Saving plays within the community. Our club feels that the Australian lifesaver image and icon is very important and without adequate leadership and financial support in today's current dynamic environment that image may be damaged.

Long Reef Surf Life Saving Club has been established since 1950 and is part of the wider movement 'The Life of the Beach' since 1907.

## The Urquhart Fellowship

The Urquhart Fellowship was established in February, 2008 and was established to honour and recognise those who offer their commitment and generosity to Long Reef SLSC in the form of a bequest. Membership of the Urquhart Fellowship is open to anyone who makes a bequest to Long Reef. Robert Urquhart one of the clubs founding members attended Shore school and with a few of his mates from Shore and several members from Collaroy SLSC formed Long Reef SLSC in 1950. The club colours and club coat of arms were designed in a similar fashion to that of Shores and those close ties still continue to this very day. In the early days Rob's home in Hay Street, Collaroy was used to store the clubs meagre rescue equipment until the club

later rented space underneath the tramshed on Pittwater Road. Long Reef SLSC has come a long way since those days. Rob continued to take an interest in Long Reef until his sudden death in November, 2006. Upon Robert's death Robert had arranged through his family to donate a sum of money to the club, which assisted to purchase two rowing machines as to be used by the boat rowers with Surf Boat rowing being one of Rob's great passions whilst a club member. As such the Fellowship has been named the Urquhart Fellowship as Rob was a man with great vision for his time and was an inspiration to so many.

New Fellows are presented with the Urquhart Fellowship pin and, with permission, are acknowledged on an Honour Board. Our Urquhart Fellows are an important part of the Long Reef SLSC family and we take great delight in witnessing the strong bond that develops between the Urquhart Fellows and the club.

**The Fellowship provides opportunities to acknowledge the pivotal role that the Urquhart Fellows play in securing the future of Long Reef SLSC.**

Yours faithfully

## What is a Bequest?

A bequest is a gift in your Will. Through a bequest to Long Reef SLSC in your Will you can make a gift that will contribute to the future of the club whilst still enjoying your assets during your lifetime.

Such gifts are very personal and can be made in a variety of ways to reflect your particular wishes. These gifts can be made as follows:

- A specific sum of money,
- Stocks and shares,
- Insurance policies,
- Specific assets such as collections of a valuable nature, works of art, memorabilia etc,
- A percentage of your estate – this ensures the other beneficiaries are not affected by possible changes in the size of your estate or by inflation,
- The residue of your estate – after providing for your family and friends, you may decide to leave the remainder of your estate to Long Reef SLSC, and
- A combination of the above.

## How will my bequest be used?

Most people will direct their bequest in an unrestricted way to the club. These gifts allow the club to use the donations in areas of particular need as governed by the Management Committee and Club Executive.

Others prefer to direct their bequest to an area that has touched their lives such as surf boats, IRBs, capital works, rescue equipment, nippers, youth development such as specific youth scholarships or trips.

A bequest is an opportunity for you to make a very special, tangible and lasting gift that will touch the lives of future Long Reef SLSC members.

## How do I make a gift to Long Reef SLSC through a bequest in my will?

We recommend that you involve your family in your decision to make a gift to Long Reef SLSC and that you also seek the advice of your solicitor.

You might like to consider the following wording which can be easily added to your existing Will:

I give Long Reef SLSC Incorp ..... (description of bequest).....  
And I direct that the receipt of the President or Honary Treasurer shall be sufficient discharge to my Executor for this bequest.
