Proposed Long Reef Surf Life Saving Design for Public Display – November 2011

The existing surf club and amenities buildings at Long Reef Beach Reserve are proposed to be demolished and replaced. These buildings are at the end of their useful lives and have been identified for complete renewal within the next 5 years in Council's Building Asset Management Plan.

Architectural firm Eeles Trelease Pty Ltd have been engaged to prepare a new concept plan for the building. The concept has been developed in consultation with Long Reef Surf Life Saving Club and Council. The outcome of this process is the subject of this public display.

Council seeks your feedback on the proposal. Please use the boxes below.

Do you agree with the proposal? YES / NO (please circle)
What you do like about the proposal?
What do you disagree with and why?
Other Comments :

Forms can be completed on-line @ www.warringah.nsw.gov.au or mailed to 725 Pittwater Road, Dee Why 2099 (Attention: Property & Commercial Development, Long Reef SLSC Concept Plan). Completed forms must be received by 5pm on Wednesday 22 December 2010.
